

createFile

```
graph TD; A(createFile) --> B(capitalizeFile); B --> C(all);
```

A vertical flowchart with three rounded rectangular nodes. The top node is labeled 'createFile' and has a light green border. A gray arrow points down from the bottom of this node to the top of the middle node. The middle node is labeled 'capitalizeFile' and has a teal border. Another gray arrow points down from the bottom of the middle node to the top of the bottom node. The bottom node is labeled 'all' and has a red border.

capitalizeFile

all
